Stony Brook **Medicine**

NEUTROPENIC DIET:

Your physician has ordered a Neutropenic Diet for you. It is provided to all patients with a weakened immune system. During this time, it will be more difficult for your body to protect itself from harmful bacteria found in some foods and beverages.

While in the hospital, you will be receiving bottled water.

After discharge, you can consume tap water and home-made ice made from city water service.

How to Place an Order

1. Dial 8-DINE (extension 8-3463) between the hours of 7 am and 7 pm.
2. Identify yourself to the Room Service Associate, who will verify your name, room number, and the diet ordered by your physician.
3. Place your order. Your specially prepared meal will be served to you within 90 minutes of your request.

The Department of Food and Nutrition is here to provide you with excellent service. Feel free to let your Room Service Associate know how we can help meet your food service needs.

SPECIAL / RESTRICTED DIETS

Please note that not all menu items are appropriate for all diets. If you are on a special or restricted diet, our Room Service Associate will assist you with your meal selections.

For your safety, we will accept your menu selections only after your physician has entered your diet order.
